Instructions for 2026 IRP Fee Test

1. Complete this test between **February 1, 2026** and **February 28, 2026** using the Canadian Exchange rate as of **January 20, 2026** (February Canadian exchange rate)
   $1 USD = $ 1.3821 CAD
   $1 CAD = $ 0.7235 USD

2. Create a **new** test account and fleet in your production database, using your jurisdiction's unique test account number. If you are unable to create a test account number in your production database and must instead use your test database, indicate "test database" on the results form. The effective date for the test account should be set for **January 1, 2026.**

   - Carrier type of operation for Fee Test 1 is **Private Carrier.**
   - Carrier type of operation for Fee Tests 2, 3, 4, 5 and 6 is **Haul for Hire.**
   - Vehicle type for Fee Tests 1, 2, 3, 4 and 5 is **Tractor Trailer.**
   - Vehicle type for Fee Test 6 is **BS.**
   - Colorado Mileage Indicator should be set for **over** 10,000 miles for every vehicle.

3. Enter 1,000 as actual distance for each IRP jurisdiction, ensuring you have a total fleet distance of 59,000.

4. Verify that all percentages are identical for each jurisdiction (1.695% per jurisdiction).

5. Verify that you are entering the appropriate weights (lbs. or kgs.) as specified on the Fee Test instructions.

6. Enter the results on the "2026 Fee Test Results" form and e-mail in Excel format to irpmail@irpinc.org by March 1, 2026. The results of the fee test will be published by March 31, 2026.

7. **DO NOT** include your administrative and other miscellaneous fees in your base jurisdiction results. Enter the results all other jurisdictions should be calculating for your jurisdiction.

8. If you cannot use the provided effective date, please be sure to use a 12-month period and indicate the 12-month period used on the "2026 Fee Test Results" form.

9. If the test was conducted without an implemented fee change submitted by a jurisdiction, please indicate on the "2026 Fee Test Results" form the fee change that was not used in the completion of the fee test.

10. Include in the results form an explanation of any rounding occurring in the results or any deviations from the requirements.

11. You must complete the Fee Guidelines and Rules Form for your Jurisdiction, which will give an example of how you calculated your fees (*see Results Form spreadsheet to input your fee calculations*).
